We can all imagine the trauma Kecha relives every sexual encounter. We must end FGM/C.

We all need to take a stand to End FGM irrespective of our gender or social strata. We must #endcuttinggirls #HeforShe.

Kecha2 - I cry inside, I cry out loud, & my husband does not care. It doesn't hurt him and I cannot talk -vely about FGM.

Kecha1 - Sex is painful & I hate, hate, hate it. It feels like rape every time.

Kecha 3 - I had Type-3 FGM, and I was reopened after we were married. She may also feel inferior due to sexual aversion which could further diminish her self esteem.

Our girls deserve great care not pain. Women should be allowed to own their sexuality.

FGM/C should be seen not as a woman’s issue but as a human issue.

We need 2 concentrate efforts now more than ever in ending FGM/C. To achieve a world where no girl is cut.

There are numerous health effects of FGM/C and there are also several short-term and long-term psychological consequences.

FGM Survivors without access to psychological ameliorating services & reversal surgeries live with these issues all thru their lives.

We need 2 concentrate efforts now more than ever in ending FGM/C. To achieve a world where no girl is cut.

We have come to the end of today’s FGM/C chat. Thank you for joining the conversation.
